Media Park, Building Gateway C, Koos Postemalaan 2, 1217 ZC Hilversum, The Netherlands

This set is suitable for large festival broadcasts where there is a lot of space. It has an extensive control location and has several workstations with PCs. The set is equipped with a DHD 52 with 16 faders. The advantage of OBS4 is that it is adjustable in height and can be set up in a short time, partly due to the electrical control system.

OBS4 is expandable with wireless reporter sets, headsets, visual radio capabilities, lighting or a separate PA system. OBS4 is expandable with 3 microphones for the guests.
