Media Park, Building Gateway C, Koos Postemalaan 2, 1217 ZC Hilversum, The Netherlands

A compact and technically comprehensive set that is suitable for broadcasts in locations with limited available space. This set is multifunctional for both broadcasts with many guests as well as for a show with just a host. The entire set consists of 2 flight cases and is therefore easy to set up in a short amount of time.

The set is also equipped with 2 wireless microphones with a wireless headset. Known from various weekly Dutch radio shows on NPO Radio 1 and 4. The OBS5 is expandable with a wireless reporter set, visual radio and a separate PA. This set is often used in an interview set-up where the guests are seated at a separate table with the host.
